

*For your speaking ... for your singing... for your success!!!*

## Advanced Voice Workshop

Our Advanced Voice Workshops consists of 8 personally supervised "One to One" Voice coaching sessions of two hours each. Held twice a week over a period of a month, it also includes a Demo CD, which can be used to market your voice to the media industry. The personal strengths and weaknesses of your voice are identified and the latest techniques are used to correct the faults and enhance the good points. Our customized Advanced Voice workshops deliver the highest rate of success so that you can reach your personal goals within a short span of time.

### Who should attend?

CEOs of companies who want to enhance their communication skills and remove the regional influences in their speech delivery.

A singer who wants to improve his pitch, increase his range or enhance his endurance.

A RJ who needs to know how to make his presentations lively and entertaining.

A Dubbing artiste who needs to learn lip synch techniques.

A voice over artist who requires the correct expression and attitude.

A student who wants to overcome his shyness and work on his or her confidence.

A corporate trainer who addresses large groups of people & who wants to know how he can strengthen his voice and improve content retention with greater voice modulation.

## As said by participants:

Dear Mr Bhende,

A true guru, gentleman & star.

I came to know of these qualities of your's when I registered & completed the advance voice training course with InSync Studios, where the voice training was given by you.

To speak is easy but to speak well, we need to be trained by the best. This training taught me not only about speaking well but also how to make a presentation with a punch for my clients. It has helped me as now I get the complete attention of clients, my family etc when I speak. This has in turn boosted my confidence and now I am able to generate more business for myself.

Thank you Mr Bhende & the InSync Team.

Sincerely,  
Zubin Vazifdar
